FINAL
EDITION

PRICE FIVE CENTS

News wire says Canada is not a candidate for a seat on the League of Nations council. She's not so time for sitting around with the crops to get in and the elections coming on.

Premier Brownlee has cancelled his arrangements to speak in support of Mike Lukavich. Mike considers he's out of luck.

Premier Meighen is said to have become so homesick that he can scarcely appear. Never mind, he can whisper.

THE HARDEST THING FOR A WOMAN MOTORIST TO LEARN IS TO RESIST FROM POWERING HER NOSE AT CRITICAL MOMENTS

Edmonton post office reports a decrease in the sale of stamps. They say that comes of trying to run a business without advertising.

In view of the fact that the city water is likely to contain more mud, it may be mentioned that it's quite appalling if eaten with a little sausage.

One thing about bats and shingles is a man has more chance of getting away with his explanation of how that "silly" hair came on his shoulder.

"The ordinary city worker has few chances for thrills in his everyday life." "An editor, a writer, say, Oh, dummy; he can always stop at a banana skin."

A specialist says woman is losing her touch in smoking. Puffy cheeks have been observed, suggesting that she had to suppose she ever had an ankle.

A local man was fined for driving a tractor on Jasper at more than five miles an hour. Another time when he's in a hurry he'll get off and walk.

There's a big difference between a reckless and a reckless driver.

A NEW ENCYCLOPEDIA Eating

I wish one could eat Of food, and things like that. For bread, potatoes, fat and meat. They only make one fat. That's a thing, the doctors state. That cause folks to die. And when we hurry on our fate With every course we buy. That cause our bodies to find That that brings on grief. And when we grow old every day. Will quickly come to grief. And when we grow old every day. Will quickly come to grief. And when we grow old every day. Will quickly come to grief.

Alberta Government Telephone Rate Cuts 20 Per Cent. Oct. 1

SIR H. GAUVAIN SPEAKS BEFORE MEDICAL MEN

Three Train Loads Ordered Shipped Immediately at Distress Rates

Three train loads of Alberta coal, consisting of 120 cars, are to be moved to Ontario over the Canadian National and Canadian Pacific railway lines immediately.

Two of the trains will move over the National system, being made up at Drumheller and Edmonton, respectively. The third train will be moved over the Canadian Pacific from Lethbridge.

W. A. Kinsland, general manager of the western region of the Canadian National, arrived in Edmonton on the night of Thursday and held a midnight conference with Mayor Blatchford, following which he again left for the East. It was following this conference that the announcement regarding the immediate coal shipment was made.

Mayor Meighen is said to have become so homesick that he can scarcely appear. Never mind, he can whisper.

Discussion of Surgical Tuberculosis Aroused Much Enthusiasm

Lecturing before the medical convention this morning on surgical tuberculosis, Sir Henry Gauvain, London, unfolded so wonderful a chapter in the history of human progress and of happiness brought into the lives of afflicted children that it brought spontaneous interruptions of applause even from his seasoned audience of experienced doctors.

Illustrating his talk with many pictures taken at the institution, originally built for the treatment of tubercular veterans of the Boer war and afterward handed over to a Lord Mayor of London to be used as a hospital for crippled children.

Sir Henry showed the effects of modern treatment on numerous children who coming under his care, were practically feeble skeletons, and distorted, apparently doomed to a few years of constant suffering.

And the marvelous results. Sir Henry pointed out. They were brought about by means of carefully directed rest, local applications, assisted by sun baths and electrical methods.

Dr. J. R. Bell, of Edmonton, president of the Alberta Medical Association, presided.

Bicyclist on Sidewalk Breaks Girl's Collar Bone

Struck by a bicycle rider who was travelling on the sidewalk, Margaret Allan, daughter of Russell Allan, 1180 14th St., was knocked down and she walked from the sidewalk, sustaining a fractured collar bone and dislocated shoulder. The boy riding the bike, stopped, asked her if she was hurt, and then rode away.

North Edmonton Residents Declare Streets Terrible

North Edmonton is up in arms at the condition of streets, crossing and road allowances since the rain, and a delegation waited on the city commissioner this morning to register protest. The case was referred to the city engineer. Particular protest was made about the bad condition of the road near the Mullins stock feedings plant.

WASHINGTON, Sept. 10.—Mr. and Mrs. J. H. Brown, of Brooklyn, N.Y., were found dead in their home today. The cause of death was apparently heart failure. They had been married for 40 years.

Chicago, Sept. 10.—The Chicago Cubs won the game today, 4-3, over the St. Louis Cardinals.

NEW YORK, Sept. 10.—An unusually severe earthquake was recorded by the seismograph at Fordham University today. The shock began at 6:04 a.m. reached its greatest force at 6:10 a.m. and lasted for about 10 seconds. The distance was estimated at 1,400 miles from New York, probably in the northern Pacific.

"At the Parting of the Ways"

FIFTEEN YEARS AGO Sir Wilfrid Laurier tried to open the door to Canadian products into the United States; our largest, richest and nearest consuming market. By a campaign of flag-waving, misrepresentation and clap-trap, the reciprocity agreement was defeated at the polls. The Borden Government came into power with a policy of "adequate" protection.

Coincident with that change in the national policy, and because of it, the most prosperous period Western Canada ever saw gave place to a period of stagnation which lasted—aside from the direct influence of the war demand for products—until after the Meighen Government went out of power in 1921.

The depression did not end with the downfall of that Government. Two years later Mr. Meighen proclaimed from public platforms that Canadians were getting out of the country as fast as railway trains, steam-boats and motor cars would carry them; and from the same platforms declared that the tariff policy he had left when he quit office was the policy still in force.

In both these claims he stated the facts.

Two years ago the Mackenzie King Government reduced the duty on farm implements and other productive tools and machinery. The times began to improve, slowly, but surely.

Five months ago the Robt. jug was brought down. The effect was magical. In thirty days public confidence throughout Western Canada stood at a higher level than it had reached—making allowance for war conditions and influences—since 1911.

Two months ago Mr. Meighen usurped power by the gross betrayal of the Governor General. He is appealing now for a majority in the next Parliament which would enable him to put into effect a tariff policy that is neither better, worse, nor different than the tariff policy of Sir Robert Borden in 1911.

What the Borden policy did to Western Canada in the years following 1911 is what the Meighen tariff policy would do to Western Canada in the years following 1926.

Western Canada lost twenty-five years of normal development because the fiscal policy Mr. Meighen wants to impose upon Canada today was imposed upon Canada in 1911.

Edmonton would have a population of 250,000 if the reciprocity agreement had carried fifteen years ago.

The difference between the Mackenzie King policy and the Meighen policy means to Western Canada and to Edmonton in the years to come, in dollars and cents, in progress and development, in prosperity and well-being, just what the difference between the Laurier policy and the Borden policy meant in the years which followed 1911.

The Mackenzie King policy is the basis upon which there has been built the hope of a new era of better times and rapid growth in Western Canada.

The Meighen policy is a menace to Western rights, interests and welfare.

BOARD'S RULING ON APPLICATION IS ANNOUNCED

Edmonton Not Affected—Calgarians to Pay \$36 Instead of \$30 a Year

Assenting to all requests made by the Alberta Government Telephone Board for an increase in rates of approximately 20 per cent to provide a replacement and depreciation fund to protect the investment of its working plant valued at about \$19,500,000, the Public Utilities Commission, under the chairmanship of A. A. Carpenter, Thursday issued its finding on the application. New rates will become operative Oct. 1, 1926.

The telephone department applied to the utility commission for permission to increase the rates shortly after the provincial general election of June 23 last, basing the application on the fact that the revenue under existing rates did not cover the expenses and provide for all charges. Hearings were held this city, Calgary, Medicine Hat and Lethbridge.

Calgary strongly opposed the application, arguing that the revenue from the city had provided a surplus which could be used to replace the depreciation fund and that the city was called upon for the expense of a postal commission to be appointed as the phone system here is owned and operated by the city.

Calgary rates will be raised from \$10 to \$12 a year for residential phones and from \$12 to \$14 for business phones. The advance is \$2 a year, though the rate for business phones is increased by \$2 a year, the rate for residential phones is increased by \$2 a year.

Edmonton rates will be raised from \$10 to \$12 a year for residential phones and from \$12 to \$14 for business phones. The advance is \$2 a year, though the rate for business phones is increased by \$2 a year, the rate for residential phones is increased by \$2 a year.

TRAGEDY!

MARY SHEWCHUK was shot three times by Julian Hutzel, her sweetheart, as she stepped from her bed in her mother's home Thursday night. It is expected the girl will recover, but Julian died at 3:05 a.m. from a self-inflicted bullet wound.

United States Returns Davis Cup Trophy

PHILADELPHIA, Sept. 10.—The United States today officially returned the Davis Cup trophy to Great Britain after the British team had won the championship in the final match on Thursday night.

The trophy was presented to the British team by the United States Tennis Association, which had won the trophy in 1925.

Lovers' Quarrel Is Fatal

Julian Hutzel Dies in the Hospital—Girl Will Recover

Ending a mad infatuation for Mary Shewchuk, pretty 21 year old belle of the Russian colony in East Edmonton, by pumping three bullets from a .38 caliber revolver into her body as she was scrambling from her bed at her home at 1025 14th St. Thursday night, Julian Hutzel, 25-year-old, died at 3:05 a.m. from a self-inflicted bullet wound.

The girl, who was shot three times by Julian Hutzel, her sweetheart, as she stepped from her bed in her mother's home Thursday night, is expected to recover, but Julian died at 3:05 a.m. from a self-inflicted bullet wound.

—Main Floor, H.B.C.

Ottawa Hears Liberals Will Gain Heavily Through Maritime Provinces

REPORTS SHOW MEIGHEN HOPES ARE BASELESS

The Tories Will be Lucky to Retain Two Seats in Quebec

By F. C. MEARS
Exclusive to Bulletin

OTTAWA, Sept. 10.—If Premier Arthur Meighen and his Conservative satellites hope for substantial gains east of the Ottawa river in the election of next Tuesday they are doomed to bitter disappointment, in the opinion of Liberals here.

Mr. Meighen's new memoranda speech at Hamilton some months ago on Canada's wartime attitude and his repetition a short time ago at August is sufficient to deal him a severe blow.

Quebec Not Impressed
The promise of inclusion of four hopefuls from Quebec in his cabinet has failed to arouse any particular enthusiasm in that province as it has had ample cabinet representation in the past.

Messages received at Liberal headquarters here today confirm the prevalent general belief that the Tories will not be able to hold their four present seats in Quebec. Robert M. White in Mount Royal and C. H. Cahoon are the only two considered a chance.

Liberals stronghold in the Maritime provinces have been consolidated lately with every indication of much ground being gained on Tuesday and it is felt that Premier Meighen will be fortunate in breaking even in the maritime representation, and will have his association with A. J. Dugas to thank for that.

Marked change in Ontario reports from political circles here are expected later today but it has been noted that even in Ontario there has been a marked change of feeling and in rural districts especially the Liberal cause is sure to make considerable gains.

Edmonton Gallery Will Compete at Jasper Park

JASPER PARK LODGE, Sept. 10.—The Harold Brown and Macdonald, of Edmonton, will take part in the first annual lodge golf tournament during the week of Sept. 11 to 13. The tournament will be opened by His Honor the Lieutenant Governor, the Hon. J. H. Brown, and the Hon. J. H. Brown.

In addition to the main event for the Silver Totem Pole trophy, inter-provincial and international matches were played many of which were of great interest as well as western Canada has been secured.

Beauty From South America

Senorita Valentina Lecona, daughter of Dr. V. Lecona, president of the House of the Republic of Venezuela, is one of the most charming visitors in Washington, D.C. She, with her two sisters, accompanied their father on a business trip to the capital.

FOURTEEN DEAD, MANY HURT IN GREEK MUTINY

Street Rioting Follows Suppression of Revolt by Republican Guards

Associated Press
ATHENS, Sept. 10.—Premier Keryllis today declared that the mob scenes in Athens, following yesterday's mutiny by the Republican Guards, were caused by Communists and a few Royalists wishing to take advantage of the situation and cause the overthrow of the republic.

The government has arrested ten Communist leaders and participants. The number of dead is placed at 14 and the wounded at 170. Some of the wounded, however, are believed to be killed and some are wounded, but say that casualties among the regular troops and citizens are not known.

Colonel Zervas and Colonel Theodoridis were taken to the arsenal yesterday night. The result was scheduled for today, but the authorities, having advance information, nullified the scheme by quick action.

Ordered Disbanded
These guard units which Keryllis had formed to insure his dictatorship had been ordered disbanded. Colonel Zervas and Theodoridis, in command of the corps, were shot and wounded. Then with three hundred men to the arsenal, they were ordered to disband.

The government's effort to demand their surrender before 11 o'clock in the morning failed. The attempt and advanced along the boulevard leading to enter and occupy the city. Government troops took up positions behind fortified barricades in the streets and opened fire on the advancing rebels and a regular battle followed.

Force is Heavy
Rever firing on both sides continued and government troops joined in the bombing the mutineers. A Greek regiment reinforced the government troops, and about 11 o'clock in the afternoon the mutineers fled. The failure of their attack, ended the fight.

The two corps numbering about 1,000 men with officers surrounded and both Colonel Zervas and Theodoridis were placed under arrest.

Further trouble developed when crowds of demonstrators parading through the city, were fired on and an attempt by the soldiers to disperse them failed. The order was eventually restored.

BUOYANT FAITH ALL OVER WEST SEEN BY BEATTY

MONTREAL, Sept. 10.—"I have made regular and frequent trips to Western Canada during the past ten years and I can safely say that at no time have I seen greater evidence of its progress or more confidence in the future than was observable on the trip which the directors have just completed," said Mr. E. W. Beatty on his arrival here from a tour of inspection over the Canadian Pacific Railway lines as far west as Victoria B.C.

"It is true," said Mr. Beatty, "that weather conditions on the coast during the last week have not been conducive and that cutting and steaming operations have been generally delayed, but no circumstances have had no other effect among the farmers than to emphasize their confidence that they cannot have their crops for shipping so long as was expected."

Beatty's Faith in Prairie
Throughout the prairie provinces there was no more feeling than that of buoyant faith in the country and its future—a faith which is amply justified by the early and successful recovery of the wheat crop is making.

Mr. Beatty said that British Columbia is notable for the improvement in general conditions. "Vancouver," he said, "is flourishing and it is without question one of the most important cities in the West of Canada."

Mr. Beatty found upon all sides a profound desire that the situation should have a decisive result. The feeling among the business men for said, "in the name of that of the east, namely that given a government capable of maintaining fully and administratively and legislatively, Canada would enter upon a period of prosperity which has no parallel in its past."

Bylaw Committee Favors Change in Plan For Rooming House Offices

Rooming house regulations were taken up at a meeting of the city bylaw committee held last night. The committee decided to recommend that all rooming houses of six rooms or more should obtain an office with someone in charge. It was suggested that the office requirement should not be exacted for rooming houses with less than 12 rooms.

QUEBEC, Sept. 10.—French-Canadian to the number of about 500 from the provinces of Manitoba, Saskatchewan and Alberta are expected to reach the ancient capital on Dec. 25 next on their way to eastern Canada. The occasion is under the auspices of the Association d'Education du Manitoba.

MONTREAL, Sept. 10.—Maurice Montford, former secretary of the Revue Moderne, was committed for trial Tuesday on the charge of murdering Joseph Antonio Brandy, proprietor of La Pira Church and a number of other publications, who was shot to death in his office on Aug. 14 last.

Crazy Man Takes Joy Ride On Railroad Locomotive

Captured When He Fails to Keep up Steam in Boiler

Canadians Press
MONTREAL, B.C. Sept. 10.—Because "the just goes crazy" which he hears a locomotive, J. P. Downing, 40, of the Pacific Coast, was captured by a railroad patrol officer who believed that as the engineer he was responsible for a railroad engine in New Jersey several years ago in which several persons were killed, eventually sustained an engine and went for a wild ride upon a locomotive of here, which could only when he was unable to keep up steam in the boiler.

After an exciting chase in an automobile, Capt. Madson reached the railroad locomotive, took Downing into custody and brought him to the station where he was committed to an insane asylum.

Shortly before his escape, with the locomotive, Downing had locked the locks of his cell and escaped from jail where he was serving a 30-day sentence on a liquor charge.

Football Association Approves Sunday Games

Canadians Press
TORONTO, Sept. 10.—While provision has been made in the constitution of the Dominion of Canada Football Association for the playing of soccer on Sundays, this will not apply to Ontario, but in Quebec and other provinces Sunday games will be allowed.

The delegates yesterday decided to let professionals from the Ontario league play on Sunday, but to let amateurs and professionals play on Sunday.

The next annual meeting will be held in Chicago.

The LaFleche Mutual Advantage Early Selection Clothes Plan

YOU and every man whose tastes and desires are for really good clothes are interested in those features of selection and service that make for the utmost in personal satisfaction. The LaFleche Tailoring organization aims to so plan its production in the Shop that both our patrons and our organization may mutually benefit.

IT is with this in view that we emphasize the wisdom of early selection of your new Fall Suit and Winter Overcoat. The new fabrics are in, fresh from the looms—ranges of designs are complete—you get the first choice of every new shading and weave.

YOU may not have planned to lay out the money for your new clothes for several weeks, and under our early selection plan, it is not necessary. Just make the reservation of materials and styles and arrange delivery date just as you had planned.

A small Deposit is all that is required.

LaFleche Bros.

Buy Your Winter OVERCOAT Now AT HALF PRICE

Made from All-Wool English and Scottish importations, and including quality cloths by such famous makers as Kynoch, of Keith, Scotland

October is only three weeks away, with its crisper air and chilling breezes, and then, whether you want to or not, you'll have to think about an OVERCOAT. Look into your wardrobe now. There's your last Winter's coat! Look at it closely. Take it out into the sunlight and examine it. Notice how thread-bare it's getting along the seams? Not as spick-and-span as it ought to be for a man in your position, is it?

And if you wait till the 1st of October you know very well what you'll do! You'll go to your favorite store and you'll pay a tip-top price for one of the first-of-the-season overcoats, and there'll be an awful hole in your pocketbook. Buy one of these **QUALITY OVERCOATS NOW** and save from twenty to thirty dollars. Don't let the lack of money keep you away—pay a small deposit and we'll hold the overcoat for you until you need it. Don't let anything stand in the way. Such a great opportunity must not be allowed to pass.

A Deposit Will Hold One for You

Call tomorrow and get the widest choice. Try as many overcoats on as you like. And if you haven't got all the money, simply pay a small deposit, and we'll hold the overcoat of your choice until required.

No Artist Can Portray the Luxurious Comfort of These Overcoats

These overcoats include Chinchillas, Whitney, Fancy Plaid Back, Blanket Cloth and Novelty Tweeds in shades of plain, navy and novelty mixtures of lovat, fawn, brown and blue. Styles include half and all-round belted Ulsters, Raglans and Slip-on models. Such soft-textured cloth, such "roomy" luxuriousness, even to the width of the deep storm collar—why, even in midsummer, with one of these overcoats safely tucked away in a corner of your wardrobe, you will be able to chuckle to yourself at the thought that you will be able to laugh this coming winter at the coldest breeze that blows.

All Modelled by a Famous Designer

These overcoats conform to fashion's latest decrees, built to the specifications of one of this continent's most famous designers, and embodying in every detail everything that the highest tailoring artistry can devise. If you have never worn overcoats of this quality you should determine to experience the keen delight and comfort that can come only from the ownership of such high-grade garments.

BINDERS AGAIN CUTTING GRAIN; HELP IS SCANT

With crops rapidly drying out in all sections of the Edmonton district and cutting grain being required, farmers are again seeking harvesters. There is a shortage of harvesters not only for the local office of the Employment Service at Canada but for other provincial offices as well.

Cannot Fill Orders

Orders for 40 and 45 men from various points were received but few were filled as men are still scarce. The shortage will be somewhat alleviated by the arrival at Winnipeg tonight of the first of the fourth series of harvesters special cars.

Cutting is expected to be general throughout the province by Saturday and threshing to be started in many districts on Monday. Threshing has been commenced already at some several points, where there has been no rain since Sept. 2.

Brownlee Attacks Meighen On Protective Tariff Issue

Premier Also Deplores Tory Scandal Campaign At Wetaskiwin

Exclusive to the Bulletin.

WETASKIWIN, Sept. 10.—Hon. Arthur Meighen's "course" of a high tariff on western farm products is fulsome and will not benefit the farmers one half of one per cent, declared Hon. J. E. Brownlee, premier of the province, speaking at a campaign meeting here for William Irvine.

The premier also deplored the attempt being made by Conservative candidates to make the customs scandal the issue in this campaign, declaring that while dishonesty in government was a matter of great regret wherever and whenever it occurred, the records showed that the dishonest work in the customs department was not by any means confined to Liberalism.

"For my part I am opposed to fighting a campaign on scandals. We may safely leave that to the good judgment of the people, and not to the party."

PAN-PACIFIC AFFAIRS WILL BE DISCUSSED

Dr. Frank D. Adams, McGill University, Also Chosen Delegate

Word was received in the city this morning that Dr. H. M. Tory, president of the University of Alberta, had been selected by the Research Council of Canada as one of its representatives to the triennial pan-Pacific congress at Tokyo next month.

Dr. Tory is president and general secretary of the Research Council of Canada and was elected as a delegate at Montreal Friday night.

Will Leave Sept. 26

Dr. Frank D. Adams, emeritus dean of the Faculty of Applied Sciences, McGill University, is another delegate and they will sail from Vancouver Sept. 26.

Dr. Tory is at present in Montreal and is expected home this week-end. He will leave Edmonton for Tokyo Sept. 24 and the trip will take about two and one-half months.

Channel Victor No. 2

It can be done! New Mills radio 21, mother of two children, compares the English channel in almost complete silence, recent time, "some-thing" 8, and Marjorie, 2, accompanied her mother for a short time. They were along while the channel at Dover. "I think no woman could be so good as my mother," says the swimmer, whose real name is Mrs. Christening Cowan.

Committee Advances Civic Centre Plan

Application will be made to the city council for a grant of \$10,000 to complete the civic centre area, including the proposed City Hall National library station in the post office and taking up the property situated on Queen and McDougall avenues. This was decided at the meeting of the city council town planning committee Thursday night.

If the scheme is approved by the committee, plans will be brought down and authorization will be asked to cut all building in the area as well as architectural design, material and position. Much of the property in the area is already owned by the city.

Obituaries

MCCORMICK
The death occurred on Wednesday at the home of his grandparents, Mr. and Mrs. James, of Walter Miller McCormick, 12-year-old son of Mr. and Mrs. J. W. McCormick of Vancouver. The funeral will be held at 2 p.m. Sunday afternoon from St. Mary's church. Interment will be made in the Ed-Edmonton cemetery.

WILLIAM VILHELMSEN
The death occurred on Wednesday at the home of his grandparents, Mr. and Mrs. James, of Walter Miller McCormick, 12-year-old son of Mr. and Mrs. J. W. McCormick of Vancouver. The funeral will be held at 2 p.m. Sunday afternoon from St. Mary's church. Interment will be made in the Ed-Edmonton cemetery.

MYRTLE MURRAY
Myrtle Murray of 1011 10th avenue died Thursday at a local hospital of the age of 26. She is survived by her mother, Mrs. W. J. Murray, 1011 10th avenue, and her father, Mr. W. J. Murray, 1011 10th avenue. She was a member of the staff of the hospital for the past four years. She was married to Mr. W. J. Murray on June 14, 1924. The funeral will be held at 2 p.m. Sunday afternoon from St. Mary's church. Interment will be made in the Ed-Edmonton cemetery.

City commissioners are not looking with great favor on a proposal to lease the property at 1011 10th street as a site for a skating rink at a cost of \$100,000. Police do not like the idea, but the advantage of having a skating rink is not for such purposes is being questioned. The property is owned at 1011 10th street.

Better garbage collection and litter cleanup are desired in Edmonton and the city commissioners have requested the city commissioners to take up the engineering and health department and submit a report as to possibilities for betterment.

Russell Cherry, 823 101 street, driving his car on 114 avenue Thursday, knocked down a boy and gave the name of Bill Holman. He was not hurt.

Alfred Fletcher, for parking on Jasper more than two feet from the curb, was fined the cost of the court for Saturday morning Thursday.

SHOOTING
CONTINUED FROM PAGE ONE

in the gun, which was an automatic.

Girl Makes Statement

Mary Shewchuk, suffering intense pain, was lying on the floor, the foot of her bed, and moaned to the chief, "Oh, doctor, doctor, save that boy!"

Hutai still struggled and asked for the gun to finish himself, but was held until an ambulance arrived and rushed him to hospital.

Mrs. Shewchuk made the following statement to the police at the hospital:

"I am 21 years old and reside with my parents. On the evening of September 3, Julia Hutai, who has been keeping company with me for the last two years, called at the house to see me shortly after 8 p.m. Previous to coming in she had been telephoned and asked me to go to the Gyro carnival."

"I replied that I was not feeling well and did not want to go. He said, 'Well, I am coming down, and shut off the telephone.'

Refused to Go Out

"He arrived at my home shortly afterwards—about 8:30 p.m. On entering the house he said, 'Hello, what is the matter, Mary?' I replied that I was sick. He then said, 'Put on your coat and we will go for a walk.'"

"I replied, 'No, Julia, I cannot go. He then said, 'Well, are you coming?' I told him no. Then he said, 'I will finish it all tonight. He then felt for his pocket and I thought he was getting his revolver. I jumped up and cried, 'Julian, don't! But I found that he was only getting his handkerchief. I was frightened and began to cry and he sat down and appeared to be thinking.'"

To Hold Post-Mortem

Julian Hutai resided with his mother at 1150 56th street, and was a handsome young man, nearly six feet tall, and well built. He died at the Royal Albert hospital at 5:40 a.m. Friday.

The post-mortem was held on the date to be set pending the return of Coroner Braithwaite, who is on his way from Vancouver.

Even when he knew the end was approaching Hutai made no further comment as to the cause of the shooting.

"I was a poor engineer. I should have aimed lower and finished it right," he told Sgt. Newell of the city police, sitting at a guard at his bedside.

Marriage Offer Refused

Hutai, a six foot, athletic looking, and of handsome features, had offered marriage to the girl several times, but her relatives declared he had been "refused for a while."

His mother, with whom he made his home, was protesting this morning, the tragedy having followed close on the death of two other sons in the past year.

"He's always been a good boy, I can't understand why he would do such a thing. He's always told me everything he was going to do and when he would be back and he seemed alright when he left last night," she said today. "I can only think he was mad with love for Mary. He wasn't in his mind or he would never have hurt her."

Mother Hysterical

Mrs. Shewchuk, mother of the girl, was still hysterical today, lying in her bed and moaning while her husband, Fred Shewchuk, kept vigil at the hospital door where the girl was making a game fight for life.

Suspended sentence for six months for assaulting his wife and family between June 25 and July 25 of this year was imposed upon Ian Pinner by Judge H. C. Taylor in the district court this morning.

Approval by the city of a new track to cross 27th and 10th streets near the northern yards has been asked for Canadian National Railway officials. The matter has been referred to city engineers.

City building permits have been issued to C. A. Brule to erect a \$4,400 frame residence at 2215 106th street and C. B. Holmes, to build a \$8,500 frame dwelling at 1017 5th avenue.

Six automobile accidents were reported to the police on Thursday. All were of a minor nature.

Still for the recovery of 1217 1/2 lbs. has been filed in the Supreme court by the Edmonton Hospital board against George Ireland a farmer of the Keg River district for board, care and attendance said to have been given his infant son Earl Ireland in 1922.

Still for \$2,102 damages has been filed in the Supreme court by Oscar Richmond, and minor of Beverly against Emil Barons, at Stony Plain, and Henry Schellenberger of Stony Plain as the result of the death by auto injury of plaintiff's 5 year old son son, Henry Thue.

Senator's Widow Killed in Road

Senator's Widow Killed in Road

HALIFAX, N.S., Sept. 9.—Chief Constable Linton, in giving the death of Miss Susan Power, widow of the late Senator J. G. Power, who was fatally injured on the morning of the Bo-lingbroke Tuesday night, was told by fifteen-year-old Harry Brewster, who was seen to leave the scene, that in company with his bicycle, that he did not knock her down but had struck her in the head as it lay on the road. Linton said he was not at all comfortable that he had seen no pedestrians in front of him but had struck a woman who was struck in the head. He proved to be the anonymous woman, suffering from several wounds and an fractured skull. He was taken to the hospital and after a few minutes previously he had met an automobile. Linton stated that an official inquiry will be instigated.

Man About Town: "Keep your wife safely!"

Married Man About Town: "Er—how can I keep her safe? She'll get him!" August 1.

As a brilliant young prosecutor, attorney faced with the dilemma of choosing between the girl he loves and his ideal of duty, Holt is a powerful dramatic role, very different from any he has previously portrayed.

The locale of the picture is New York, and the action ranges from the grim routine of the courts to the smart social life of Fifth Avenue's expatriates.
